

## GUIDE FOR CUSTOM PORTRAITS OF LUCÍA SEGURA GARCÍA

¡Welcome! ¡If you are reading this is because you may want one of my illustrations!

### Data I need to know:

Before starting I'll need you to answer some questions and then have an idea of what you are looking for:

- What do you need and for what? ( a portrait to give a present to someone, a portrait for wedding cards, a portrait of you and your partner to hang in your home, a logo to do bussiness cards...)
- Could you please send me a photo that you want me to draw? If you do this from the beggining, all the process will be quicker as I need it to give you a quote.
- What size do you want it? ( dinA4, dinA3, postal, card... in cm or inches?)
- Do you want this custom portrait to do copies or just for personal use? ( just to give as a present for a person, I need many copies to put them into a wedding invitation for 200 people, I want 1000 business cards...)
- When do you need it for? ( tomorrow, a couple of weeks, a month...)

### Services conditions:

The custom portraits, as general, are in Dina3 size ( 42 x 29,7cm on 300px ) and they are made as digital illustrations. It gives flexibility to the process and I can do some changes to adapt to your requests.

This illustrations includes the possibility of making a maximum of two corrections. From the third change, I will charge an extra cost.

Illustrations will be delivered in JPEG and TIFF format ( in one layer ) through e-mail.

So the illustration's print isn't included in the commission.

The whole payment will be done in 2 parts: the 50% before the beggining of the work and the other 50% before the delivery of the finished artwork in high quality. Before the second payment, I will send you the illustration in low quality so you can tell me if you agreed with the final result.

The 50% payment done before starting the job won't be returned in any case, as the customer already know which is the style of Lucia Segura and what kind of drawing is going to receive.

The client understand that the delivery of the illustrations don't give him/her the rights to reproduce, explode or modify it in any of its parts. In case of need the artwork to make reproductions, the price will need to be negotiated.

I show you here some different qualities I offer you, with their indicative prices.

**JUST PENCIL PORTRAIT OPTION**

Price for one person: 50,00 €  
+ 20,00 € per additional people.
